## Highlighting Massage Therapy in CIM Research

REGISTRATION IS NOW OPEN

### [Register Now](#)

3 day conference registration rate:  
\$375 early bird rate  
\$425 standard rate after April 1, 2010

### Highlighting Massage Therapy in CIM Research

### Overview

The Massage Therapy Foundation is pleased to present the second "Highlighting Massage Therapy in Complementary and Integrative Medicine (CIM) Research" conference. This three-day conference brings together massage and manual therapy practitioners, educators, CIM researchers, allied health professionals, and others interested in massage research. Current research related to massage and manual therapies will be presented, with a special focus on translational research and public health.

#### Conference News

##### **Daniel C. Cherkin, PhD Awarded the Ashley Montagu Award**

"Every other year, the Canadian Touch Research Centre bestows the Ashley Montagu award to a recipient who, by its excellence and devotion, has exceptionally contributed to the world wide recognition of touch", points out Dr Réal Gaboriault Ph.D., Director of the Canadian Touch Research Center. "Dr. Cherkin, researcher at the renowned Group Health Center for Health Studies, in Seattle (WA), has demonstrated the efficacy of massage therapy in back pain research and conducts research in prevention; he is a source of inspiration in the massage therapy research field and highlights the importance of touch in our world. " concluded Dr Gaboriault. Dr. Cherkin is a keynote presenter at the 2010 Highlighting Massage Therapy in CIM Research Conference.

##### **2005 Highlighting Massage Therapy in CAM Research**
